Here are the latest updates for later this week with Huron Church as green where it is fully open.
If you need me to change it back to yellow, I can do that quickly. Just let me know.
Happy to make any other changes as required.

Allison

Good Afternoon,

First I want to e-introduce Constable Darius Goze, who is my partner who had been working the midnight shift through all this. I will be off tomorrow and Friday, so I am now looping him on these e-mails as he may need to reach out.

Our next road opening looks to be Prince and Totten if we could prepare for that please. Open in all directions (We don't need to say that on the map) and open for pedestrians. We could also take out the box now at Industrial/Northwood that says open in all directions as that's been like that a couple days now.

This is not anticipated to happen until late night tomorrow, so we definitely don't want this disseminated at all yet and there is no rush on it!

Thank you - Talya

Good morning,

I hope you all enjoyed Family Day yesterday!

In anticipation for a possible opening of Malden could you prepare an updated map please? We are unaware of a timeline right now, so we do not want this info disseminated publicly at all yet please.

Malden would open and be open for pedestrians please. (Remove do no not enter sign and add pedestrian crossing).

Can you make sure the wording is correct? I also updated the box at the bottom of the map; it used to say that southbound was closed from Wyandotte to EC Row. Is southbound Huron Church fully open?
Let me know.
Changes moving forward will be quicker!

Morning Talya,
Not sure if Allison and Kirk are on emails today but one thought if u have photo shop is to add that info in a box right over Tecumseh at Huron church like an overlay.
That doable?
J

At this time we are planning on opening Tecumseh and Huron Church completely at some point today. Northbound traffic will remain for bridge traffic only, if we could get wording to that effect please.

Please let me know if this request can be accommodated.

Thank you - Talya

Is anyone still around? The crosswalk at College in NOT open for pedestrians. Any chance we change that?

Sorry! I was on a call.
This was a quick change. I added the wording from yesterday.

Remember the Box explaining that traffic can't turn North off Industrial/Northwood we put in yesterday? Can we include that too on the map. We don't want people to think that has changed.

It's looking good.
It would not need comm's approval for police use.
Once police sign off though I'd be happy to share it with our groups.

Hi Talya,

Can you review the attached? It has the main "closure" of Huron Church, the green roads surrounding Huron Church for access to businesses, crosswalks, and sidewalks.
Are there any roads that are fully closed? From what I've seen on Municipal511, it looks they're closed, but open for local traffic to access businesses/parking lots.

Jason – if this were to be posted, does it need approval by Communications?

Mike Spagnuolo has also updated Municipal511 which goes into detail about the closures. This is a public site that users and zoom in/zoom out on. It contains information for all of Ontario.
This link opens to the Huron Church area:
https://www.municipal511.ca/?lat=42.29188657369339&lng=-83.05665788524213&zoom=15&enableNewCategories=false
